

The bar chart displays the annual number of publications for nine categories: Agr, A lat, MN, N, WR, M, PPP, "R", and Total. The Y-axis represents the number of publications, ranging from 0 to 2000. The X-axis lists the categories. The 'Total' category shows a significant increase over time, peaking at over 2000 publications in 2024. The 'N' category also shows a steady increase, peaking at around 800 publications in 2024. The 'A lat' category shows a peak around 2014 and then a decline. The 'Agr' category shows a small peak around 2014 and then a decline. The 'WR' category shows a peak around 2014 and then a decline. The 'M' category shows a peak around 2014 and then a decline. The 'PPP' category shows a peak around 2014 and then a decline. The '"R"' category shows a peak around 2014 and then a decline.

Year	Agr	A lat	MN	N	WR	M	PPP	"R"	Total

The bar chart displays the number of publications per year for eight research topics: Agr, A lat, MN, N, WR, M, PPP, and "R". The Y-axis represents the number of publications, ranging from 0.0 to 45.0. The X-axis lists the research topics. The legend indicates the years from 05/06 to 24/25, with each year represented by a different colored bar. The data shows a general increase in publications over time for most topics, with a significant peak in the year 18/19 for the topic N, reaching approximately 44 publications. The topic PPP shows no publications in the early years, starting from 20/21.
